DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1-9 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, "...an unchanging symbolic trapezoidal transfer function..." (claim 1, lines 16-17), which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention (p. 3, lines 4-13; p. 6, lines 4-10).

Response to Arguments

3. In response to Applicant's remarks in regards to the rejections of claims 3-4 under 112 second paragraph said rejections have been withdrawn.
4. In response to Applicant's remarks in which the Applicant attempts to clarify the distinction between the algorithmic trapezoidal transfer function and the symbolic transfer function see the above 35 U.S.C. 112 first paragraph rejection. In view of said rejection and the fact that Applicant's remarks are based on amended claim language which falls under said rejection it is noted that Applicant's arguments are not deemed persuasive, while they have been fully considered.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
